## Grade school's marsh is 'outdoor classroom'

By BEVERLY CARY

"The preservation of the local environment" was the first topic of discussion at last Tuesday's (Dec. 5) meeting of the Antioch grade school board.

Mary Bruski, science department chairman, commented on the protection of the school's marsh area.

There is a great deal of concern that the construction of the new grade school building will damage the area. She said it is used by the science department as an outdoor classroom and stressed its value in teaching students to appreciate nature.

Unless steps are taken to protect it, the marsh area could virtually disappear, she said.

Bob Brown, science teacher, said the water level of the marsh is in danger of going down significantly "unless we do something soon. We are talking about an area of perhaps 25 or 30 acres of marsh, a temporary pond and a section of mature forest."

HE SAID THAT a drought two years ago lowered the water level and caused a big change in the area.

At this point, Superintendent Don Skidmore said he has already met with the new school's architect and has asked them to stop "scalping" the area to the greatest degree possible.

Once the building is up, a cooperative effort will be made to protect the area through the use of hedgerows and fencing. The board said it will work with the teachers to see that this is accomplished.

REGARDING THE RETENTION of students, Dr. Skidmore told the board that the state of Illinois now has a policy of expanded student rights.

The parents have the opportunity to disagree with a teacher regarding a child's retention and may also be granted a hearing on the matter.

The board agreed with Dr. Skidmore that, in order to protect the teacher, the ultimate decision should be up to the school administration.

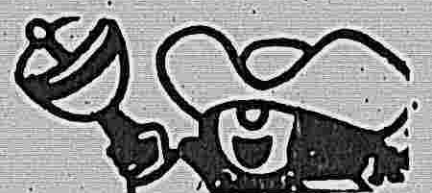

CONCERNING THE PURCHASE of an intact library at the Briarwood building in the Deerfield school district, Dr. Skidmore, along with Linda Lucke and Walt Soderman, traveled to Deerfield to inspect and evaluate its worth.

They liked what they saw, including a fine collection of primary books.

Dr. Skidmore said he will be getting a price quotation on the purchase from the superintendent there, at which time a decision will be made.

## Emergency vehicles get green lights

By BEVERLY CARY

At Monday evenings' meeting of the Antioch village board Fire Chief Charles (Tod) Maplethorpe had some reassuring comments on the new Opticom system.

He said it is now operating at Lake and Main streets and at the intersection of Hy. 83 and route 173.

It changes lights green for emergency vehicles and is

very helpful to the rescue squad and has proved effective at least a block away.

Maplethorpe added that work is progressing well on the new Fire and Safety building.

Superintendent of public works Walt Shepard recommended ending the six-months probation period for three

## Sequoits trim Rams, face North Chicago here

Now that they have their first victory of the season, a convincing 73-52 decision over Grayslake last Friday, Antioch High's Sequoits will be aiming for more basketball triumphs this weekend.

Friday night, 8 o'clock, the varsity takes on another Northwest Suburban Conference foe, Round Lake. The game at Round Lake will follow a 6:30 p.m. sophomore tussle.

Saturday night, the Sequoits get a tough non-conference test when North Chicago's Warhawks play here. As usual, the sophomores start at 6:30 and the varsity at 8.

IN THE DECISIVE 21-point victory over Grayslake, Coach Roger Andrews said the team was led to victory by a team effort — solid defense; good drives by Dave

Gutowski; fine scoring by Pete Ploss and Scott Gallagher; good board work by Ploss and Chris Oddsen; a sound over-all game by Roger Korjenek; and Rob Nauman's good job to the team effort.

The Sequoits hit 29 shots of 63 attempts for 47½. The Antioch cagers controlled the boards, holding a 37 to 22 edge.

The turnover situation was good in the first three quarters, only nine, but in the last quarter they had nine.

The cagers really took control of the game in the second quarter as Pete and Roger hit the nets for 8 points each and the fast-break was working well.

In the fourth quarter, after the Sequoits had opened up a 20 point lead 56-36 with 6:56 left in the game, Grayslake

## Antioch group gives to handicapped

Members of the Antioch Mental Health Association have voted to donate \$10,000 to Grove School for Handicapped Children.

Grove School and Lambs Farm in Libertyville are favorite projects of the Mental Health Association.

Members of the association are a small but dedicated group of women, who also operate the Thrift Shop at 921 Main St., in Antioch. Their big annual event is a Cotillion to raise funds for retarded children and young adults.

"Their goal is to help these handicapped children and young adults to reach their full potential," said Phyllis Bucar, a spokesman for the association.

## John needs a home

Lake County Juvenile Services is looking for a home for John, age 15. John is presently in a boys' home where he has been living for 19 months. During his stay in the boys' home, John's parents were divorced. His mother refuses to accept him home now and his father would not be able to provide adequate supervision for him.

John is a bright lad who can be pleasant and fun to be with. He has many hobbies, but his favorites are skiing, cooking, and horseback riding. John has the ability to do well in school.

Since John cannot be with his natural parents at this time, he desperately needs a substitute family that is willing to make a fairly long-term commitment to providing him with firm yet loving discipline. He would like a family with small children and he would prefer to live in the country.

He needs parents who have a strong marital relationship, as he can be expected to test and manipulate.

If you are willing to be considered as substitute parents for John, call Fred or Gail at Lake County Juvenile Services, 689-6343.

## Update on license plates

It's blue on the left, red on the right; but if it's switched, don't be uptight.

That's the message Secretary of State Alan Dixon is giving Illinois motorists these days regarding their new, multi-year license plates and the sticky problems those little blue or red validating stickers are causing.

Because of possible confusion, Secretary Dixon said that law enforcement officials have indicated they will merely remind the motoring public of proper sticker placement when discrepancies are noticed.

"Law enforcement officials especially will not ask the motorist to remove the stickers," Dixon said, "because the theft-proof stickers would only chip off in little pieces and would be destroyed."

Motorists who ordered their plates by mail are concerned because they haven't received their plates yet. Some delays are being experienced but no deadlines will be enforced until all plates are mailed.

## TREE DOLLS

If you want to make your own Christmas tree ornaments, why not try putting together some dolls from red and green wool?

Or bake cookies in various shapes (men, women, bells, trees, angels, Santas, etc.), and decorate them with colored sugar, then varnish them to preserve them whole.

Bright little toys can be easily adapted to use on the Christmas tree and make pretty little ornaments.

## Late mailing of tax bills hurts taxpayers: Skidmore

Harry Robin, Chairman  
Lake County Board  
Waukegan, IL 60085

Dear Mr. Robin,

I am writing to you to express my concern relative to the late extension, collection and distribution of taxes in Lake County this year.

To the best of my knowledge Lake County is the last county in Illinois to mail tax bills this year. It is an infamous record of which all individuals involved in the procedure ought to be ashamed.

AS A CONSEQUENCE of this, many taxing bodies, including School District No. 34, are forced to borrow money to be able to honor payrolls and bills while we anxiously await the distribution of our tax money.

For many of us it will simply mean that we will provide less service due to the fact that we had to borrow money at 7 percent during a period when we have normally received our tax money and would have had it invested at 8 to 9 percent.

Consequently, the true loss for any municipality in the position of borrowing money is about 16 to 17 percent.

For a school district like Antioch it will mean the loss of approximately \$17,000.

Said another way, it means that the local taxpayers' money will buy \$17,000 less service in the Antioch Elementary School District due to the inability of our governmental bodies to perform the simple function of tax collection in a timely manner.

I AM NOT ATTEMPTING to assess blame or to point the finger of guilt at anyone. What I am saying is we in governmental service are elected or appointed to perform particular functions.

To the degree we don't, or that we are late in doing so, other governmental units suffer. The real losers, as always, are the local taxpayers. Is it any wonder that governmental bodies and employees are losing public esteem?

In closing I would hope that everyone involved in the taxing process will make a concerted effort to make sure that late tax billing never occurs again.

Respectfully yours,  
Donald E. Skidmore  
Superintendent  
Grade School District 34

### When dancing, be careful where you wiggle

By JERRY PFARR

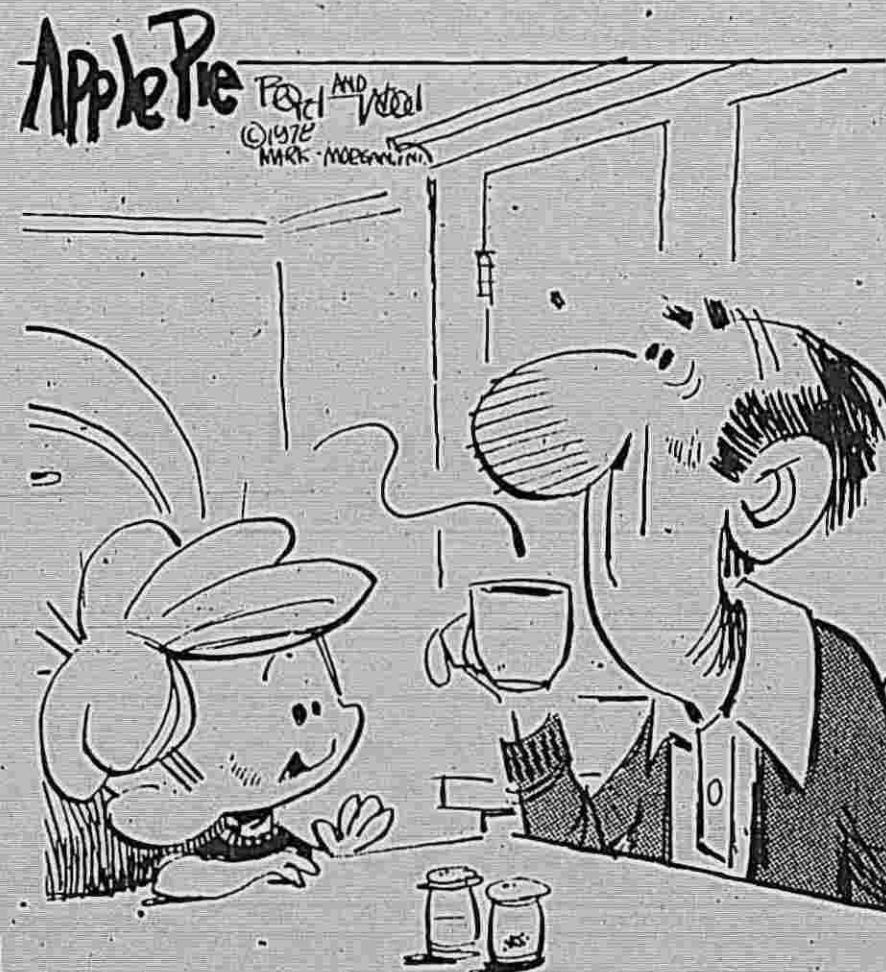

Back in 1926, in Stockton, Calif., the town fathers passed a law that made it illegal to wiggle while dancing.

In Oak Park, Ill., there is an ordinance that forbids frying more than 100 doughnuts in a single day.

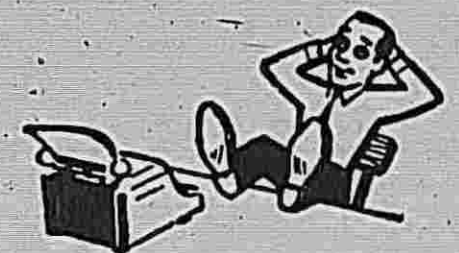

And in Racine, Wis., it is illegal to wake a fireman when he is asleep.

THOSE ARE JUST THREE of the old ordinances that municipalities haven't bothered to erase from their books.

They came to our attention last week when we reported that village clerk Marilyn Sterbenz told us there is an old Antioch ordinance that prohibits horse racing, bicycle

"If People Won't Voluntarily Hold Down Inflation... Why Doesn't The Government Just Pay Them To Do It?"

racing, chicken or dog fighting, or any other boisterous sport on Sunday.

"But only on Sunday," Marilyn laughed. "I guess it's okay on Saturday."

A FRIEND SHOWED US a pocketbook titled "Crazy Laws," by a fellow named Dick Hyman, who also wrote "The Trenton Pickle Ordinance."

Among the thousands of obsolete ordinances Hyman has collected from cities, towns and villages are these:

— In Trenton, N.J., it is unlawful to throw any tainted pickles in the street.

— Cleveland forbids you to operate a motor vehicle while sitting in another person's lap.

— In Muskogee, Okla., there is an old city ordinance that states no baseball team shall be allowed to hit the ball over the fence or out of the park. (The Cubs should transfer their franchise to that city.)

— And in Waukegan you can't watch television through your neighbor's picture window.

— Evanston, Ill., makes it unlawful to change clothes in an automobile with the curtains drawn. (It doesn't say anything about changing into your Superman suit in a phone booth.)

Mark Ericksen, Tim Wells and Joe Huber have all proved capable of handling their jobs, Shepard said, and will now be permanent employees of the village in the current positions.

POLICE CHIEF Chuck Miller told the board he would like to have head dispatcher Garnet Cook attend police administration school.

It is a 15-week course, starting in January, at a cost of \$93.75. Miller said, "We have the money in the budget and I believe the course would be very beneficial."

TRUSTEE VERN "Barney" Barnstable said that so far there have been no complaints from village residents on the subject of snow removal. He praised the village crews for doing a fine job in keeping streets clear.

There has been a recurring problem with junk cars at a residence on Tiffany road, trustee Arnold Weber said.

These cars are unsightly and we want to see a permanent solution to this problem as soon as possible," he said.

Police Chief Miller said this is in violation of a city zoning ordinance, and recommended seeking court action to get it settled.

Last week, parks and recreation coordinator Sue Koppa announced her resignation as of the end of December. She is considering going into business in the Antioch area.

## Local residents cheer senior citizens

For the past five years concerned citizens have taken time from their busy Christmas schedules to make other people happy.

Last Sunday over 100 men and women at the Libertyville Manor Extended Care center enjoyed a wonderful Christmas party. The ladies of St. Peter's Woman's Club of Antioch, Lake Region Homemakers and several other local residents arrived with an abundance of gifts for everyone.

ENTERTAINMENT WAS provided by The Polkateers, Ron Lech, Bernie Gunty, Ted Olander and Vi, of Vi's Yellow Bird. Christmas carols concluded the program.

Operation Santa was coordinated by Angela Maras, Director of Public Relations at Hawthorn Center. She believes that the "old" as well as the "young" should enjoy this happy time of the year.

Contributions also came from Ben Franklin, McMillen Family, Koziol Family, Mr. and Mrs. Dan Maras, Little Nut Hut, Steve Rysko, all of Antioch. Santa and Mrs. Claus were compliments of Hawthorn Center, Vernon Hills.

## Lost art of tale-telling

To lift your family's spirits on a cold, dreary winter evening, why not pick up and read aloud one or more of the many marvelous stories or poems that evoke the Christmas season? Old standbys include "The Night Before Christmas," by Clement Moore, and "A Christmas Carol," by Charles Dickens. But did you know that Dickens also wrote other Christmas stories, including "The Cricket on the Hearth" and "The Chimes"?

T.S. Eliot's short poem, "Journey of the Magi," is a famous exploration of the meaning of Christmas in a serious vein and William Butler Yeats' poem, "The Magi," is a beautiful evocation of their journey, an image such as one might find in a painting by an Old Master.

Then there's Rudyard Kipling's poem, "Christmas in India," and, for the New Year, Alfred, Lord Tennyson's famous poem that begins, "Ring out, wild bells, to the wild sky."

There is no pleasure like the recitation of poems and stories, and no poems or stories like those written by Literature's greats. So, pick up a book, begin to read, and enjoy!

## News from grade school Band Parents

By BONNIE BORLA

The Antioch Grade School Band Parents Assoc. would like to thank everyone who bought candy during the annual candy drive. A big thank you to all the people who helped make this a big success by putting in many hours of work. Many band students sold enough candy to be invited to the pool party at a later date.

The results of our Balloon Race from the Halloween Fun Fair were announced at our Dec. meeting. The winner is Tammi Pedersen. Her balloon card was returned by Donna Fox from Cecilia, Ky. All the other cards returned were from Michigan and Indiana.

Everyone is invited to the annual Antioch Upper Grade School Christmas Concert. The concert is Dec. 17 at 1:30 p.m. at the Upper Grade School.

There is still time to join Band Parents. If you have or had a band student and would like to help us provide extras in the band program, please join. Without the help of Band Parents the band students will miss out on a lot of extras that help develop a better band. The Band Parents have helped on trips, recording equipment, purchase of new instruments and repairs of old instruments. This is a hard working group that needs more help from more band parents. The work load is easier if more people help.

There will not be a meeting in January. Next meeting is Feb. 5, at 7:30 at the Upper Grade cafeteria.

## Cheryl Stadick is now Mrs. Michael Wells

Rev. Stephen Williams joined Cheryl Jo Stadick, daughter of Mr. and Mrs. Bernard Stadick, Antioch, and Michael Allen Wells, son of Mr. and Mrs. Gordon Wells, also of Antioch, in marriage on Sept. 16.

The bride wore a long, white, tiana gown enhanced with silk tulle lace when she was escorted down the aisle of the United Methodist Church by her father.

Sandra Stadick attended her sister as maid of honor and Linda Boyd, Wendy Wells and Elizabeth Cichon were bridesmaids.

Serving Michael as best man was Robert Hunley, with Kenneth Cichon, Oscar Bettack and Jerry Wells as ushers.

The young couple left for a honeymoon trip to Hawaii following a reception for 200 at Bristol Oaks Country Club.

Cheryl and Michael are now at home in Wildwood and back to work at Abbott Laboratory, where she is employed as a secretary and he as a printer.

The new Shabbona State Park has been substituted for Illinois Beach State Park as a site for snowmobiling.

Chain O'Lakes State Park is among those with snowmobiling on all water areas, but not on any park lands.

Chain O'Lakes State Park is open to cross country skiers and snowshoeing. There are 9.5 miles of trails. The park also has camping, warming house and toilets.

Moraine Hills in McHenry County has 11 miles of trails, warming house, concession, ski rental, picnic area, toilets and ski clinics.

The folder lists all state sites, gives their address and telephone number, indicates the specific areas open to cross country skiing, rates their relative difficulty (for beginner, intermediate or expert skiers) and provides specific information on facilities. The publication is free.

## Bake a sweet holiday treat

Christmas is the perfect time to try your hand at baking. Even if you're lazy all year round and would rather eat cookies out of a bag or a box than fresh from the oven, there are few pleasures greater than sweetening your Christmas with a host of confections fit for a Gingerbread House.

Gingerbread men and women are old standbys; use your bell-shaped, tree-shaped and other cookie cutters for new variations on an old theme.

Spritz cookies, glittering with red and green sugar, are a real treat. With a cookie press, you can form the dough into innumerable shapes: ribbons, wreaths, twists and "S" curves, to name just a few.

Pfeffernusse, spicy balls coated with powdered sugar, are another favorite at Christmas time. They should be made in advance and allowed to age, like Mincemeat or Fruitcake.

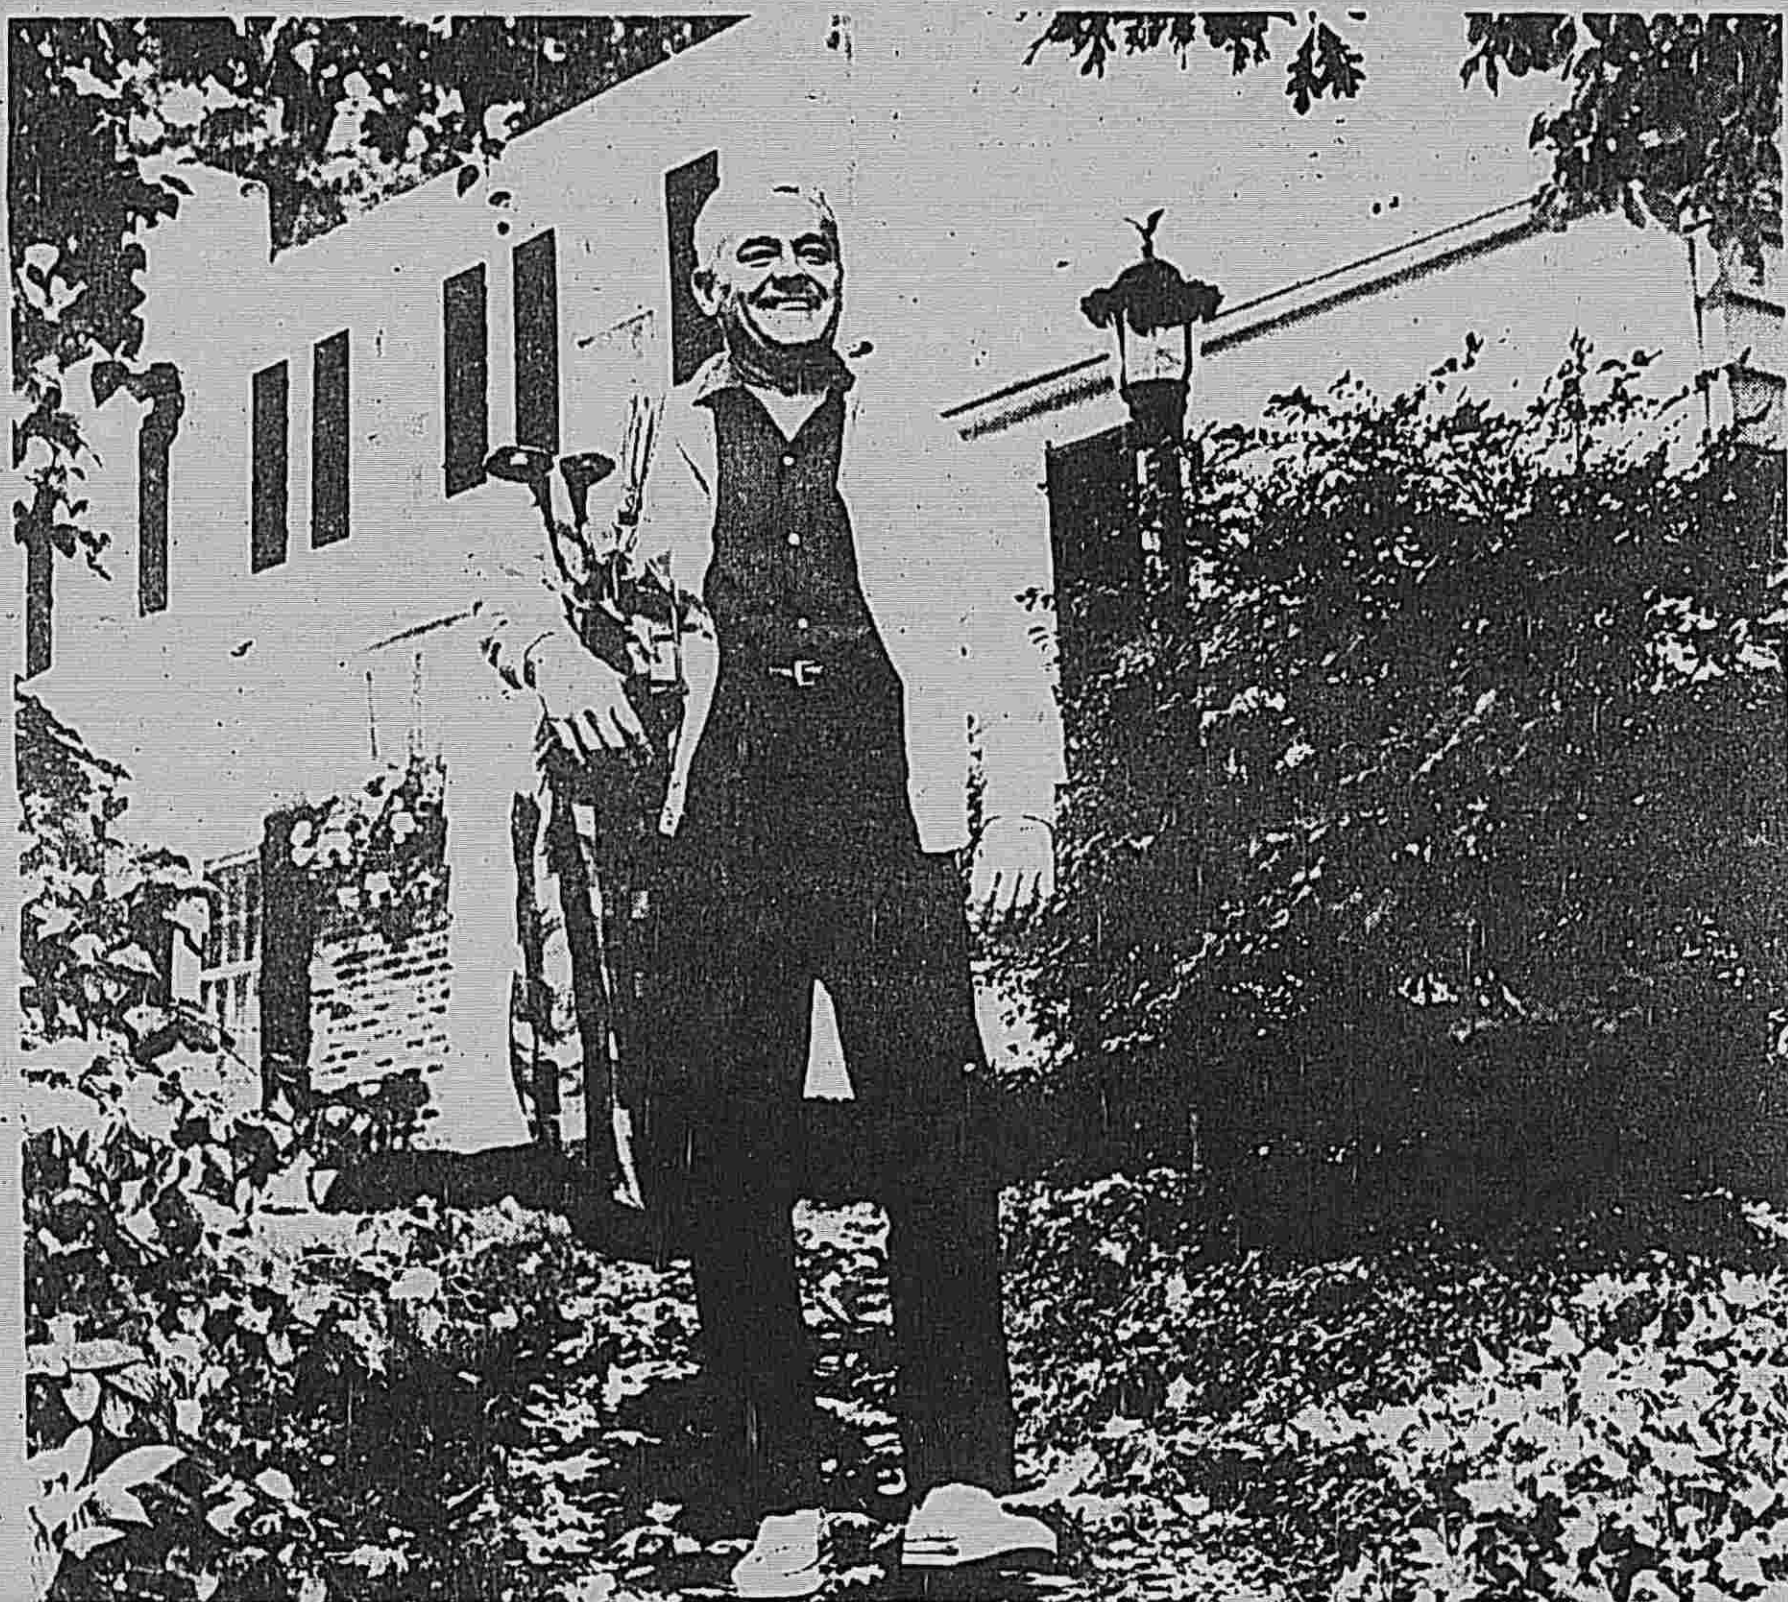

And, if you get really energetic, why not try your hand at making a Gingerbread House to rival the one in "Hansel and Gretel"?

It's a terrific way to keep restive children occupied on a snowy winter afternoon. Appoint one child architect, another, decorator, and let them get to work.

How to achieve

# EASY RETIREMENT

## An IRA or KEOGH Retirement Plan at Antioch Savings

Now there is a way to achieve the kind of "Easy Retirement" that we all look forward to. If you do not participate in a retirement plan where you work, you can start your own retirement plan at Antioch Savings. Each year you may contribute to your plan and defer paying income tax on 15% of your income or \$1500, whichever is less. Your entire savings contribution is a tax deduction that year. You pay no tax on your pension funds or the interest that they earn until you retire. At that time, you will most likely be in a lower tax bracket. If you have a non-working spouse, your contribution can be increased to \$1750 per year. If you are self-employed, you are eligible to contribute up to \$7500 or 15% of your income, whichever is less. Whatever your situation, look how fast that adds up.

ANNUAL DEPOSIT	\$1500	\$1750	\$7500
----------------	--------	--------	--------

After 10 Years	\$24,073	\$28,085	\$118,504
After 20 Years	\$78,243	\$91,283	\$378,489
After 30 Years	\$200,135	\$233,491	\$948,868

Based on our current 8% annual interest and certificate term of 8 years. Rates can not be guaranteed past the initial term selected or any renewal period.

Now is the time to open your retirement plan or make a contribution to your existing plan to achieve tax benefits on your 1978 income tax return.

If you are already in a company sponsored plan, you can transfer that plan to Antioch Savings when you leave the company or when that plan is cancelled. Within 60 days from the date that you become eligible to receive those funds from your employer, you can open your "IRA Rollover" account at Antioch Savings and avoid any taxation until your retirement.

Interested in more information? Antioch Savings is hosting a **SPECIAL SEMINAR** on IRA and Keogh retirement plans on December 14, 1978 at 7 p.m. Call us today at 395-3030 to place your reservation and get details.

If you won't be able to attend, drop in today and discuss your individual needs with our retirement planning counselors. Antioch Savings is now able to offer new, higher interest rates on all plans and there is no fee for this service.

Helping you achieve "Easy Retirement" is just one more way that Antioch Savings is "Making Good Things Happen."

## R.J. Daniel is new deacon at St. Peter's

Last Saturday Richard J. Daniel received the Sacrament of Holy Orders as a permanent deacon in the Roman Catholic Church.

He was ordained in Holy Name Cathedral by Rev. Alfred L. Abramowicz, Auxiliary Bishop of Chicago.

John Cardinal Cody presided over the ordination mass.

"We at St. Peter's parish are privileged to have him as a parishioner and he will serve in our parish as a permanent Deacon," Pastor Francis L. Johnson said.

Mr. Daniel and his wife, Jean, have been residents of the area for the past 18 years, and presently reside in Antioch.

They are the parents of two daughters, Charmaine Fagan and Karen Daniel. Mr. Daniel is Senior Vice-President of the State Bank of Antioch.

"He is planning to devote his ministry to preparation for Baptism and Holy Communion, preach at Sunday masses and visit the sick of the parish. He will continue to be active in the Knights of Columbus, Holy Name Society projects, St. Vincent DePaul

Richard J. Daniel

Society, parish finance committee and various other parish activities," Fr. Johnson said.

During his 2½ years of diaconate training, Mr. Daniel was involved in all aspects of parish service for the needs of the people, the pastor added.

There will be parish receptions for Mr. Daniel on Saturday, following the 5:30 p.m. Mass and on Sunday, after the morning and noon masses.

Refreshments will be served in Fr. Frawley Hall.

## Baby's First Christmas

The joys of Christmas are somehow more special when there is someone new to share them with. The lights are brighter, the tree more shimmering, as family and friends gather to help make this first Christmas a very happy time for Baby and a memorable one for parents.

• Simplify shopping. Use catalogs and shop by phone, whenever possible. If you do take Baby shopping, choose a time when the stores are least crowded.

• Proud relatives will want to give Baby the perfect gift and may consult you for suggestions. Smartly styled garments, carry-all bags, vinyl bibs, electric feeding dishes and other baby need items with the

familiar Gerber trademark make welcome gifts. Babies love to unwrap brightly colored packages containing practical gifts. There is something to meet everyone's budget.

• Plan a flexible Christmas Day. Remember, with all of the excitement, babies need more rest. If grandparents live nearby, invite them over for package opening. Then take time out as a family to relax before gathering later for Christmas dinner.

Baby's first Christmas will always be a very special time to recall. With a little planning and a lot of love, Christmas will be wonderful for Baby and you.

## Mom-made puppets for Santa's little fans

Simple toys that are bright, colorful and, best of all, easy to play with are the ones Santa's littlest fans grab first on Christmas morning—and sometimes can't be parted from all day. Adorable hand puppets that you can easily make yourself fall into this category.

You probably already have all the materials right on hand to create a soulful brown reindeer, a cheery red Santa and a merry elf. All you'll need are scissors, small lids—such as those on baby food jars, scraps of fabric, white glue and spare bits of felt, ribbon and such. Now here's what you do . . .

To fashion the puppet's body, make a paper pattern—a triangle 6" to 7" wide at the base and about 7"

high. Round off the top and you have the proper, elongated bell-shape you need. Trace the pattern onto fabric (two pieces—your puppet needs a front and a back) and cut out the shapes, using pinking shears if you have them to prevent frayed edges. Apply white glue around the edges of the fabric, press together to form a "mitten." Voilà! Now you're ready to decorate your tot hand puppet.

For a super face, pour 1½ teaspoons of Elmer's Glue-All into the lid from a baby food jar. Rotate the lid to distribute the glue evenly; it pours white but dries to a lovely clear, glossy finish in a day. Then add facial features with "glue-paint"—a few drops of food coloring mixed

with glue. The "glue-paint" provides a rich, shiny hue plus texture, so you can create gleaming round blue eyes, puffy pink cheeks, or a bright red mouth.

After your puppet face is dry, you may want to further define features by outlining them with a fine tipped marking pen. A spray of clear acrylic will permanently "set" the face and a bit of ribbon, felt or trim wrapped around the outside rim will give it a finished look.

Next step—glue the "head" onto the fabric mitten and then customize your tot puppet with buttons, cotton balls, glue-paint, scraps of material and such. For example, you can make a snappy Santa outfit with bits

of cotton to trim his suit and make his beard, while felt makes a perfect cap and belt.

A reindeer is as easy as drawing a marking pen "body" onto the mitten. Add a collar of glue-paint berries and cut reindeer horns out of felt. Or, if a merry elf sparks your fancy, dress him in a colorful fabric suit, with a spiffy hat and boots to match. You can add felt buttons to his suit and trim his sleeves with gold rope ribbon. Don't forget to glue on some elfin ears!

Almost any "Christmas creature" makes a lovable hand puppet. Use your imagination and you can give your tot a special, mom-made toy that will delight him Christmas day and for many days to come.

## Aim for elegant simplicity . . . Designer tips for holiday decorating

Top interior and home products designer, Lawrence Peabody, A.S.I.D., says that good planning and elegant simplicity are the key to having a beautifully decorated home and more time for enjoying the holidays with family and friends.

During the holidays, when so many people visit your home, this furniture offers the added advantages of wicker's durability and machine washable cotton cushioning.

"Once you have created the backdrop the rest of your holiday decorating will fall into place very easily," says Mr. Peabody.

Mr. Peabody loves to decorate with natural materials, and says that the comfortable feeling gained from wicker and rattan is especially nice during the holidays. He extends this to natural decorations. "Greens are so festive, and add the perfect note of holiday cheer."

Arrangements of greens don't have to be restricted to dining or coffee tables. "Be creative and generous with greens. Use them over fireplaces and paintings, or laced through chandeliers. If holly or other traditional boughs

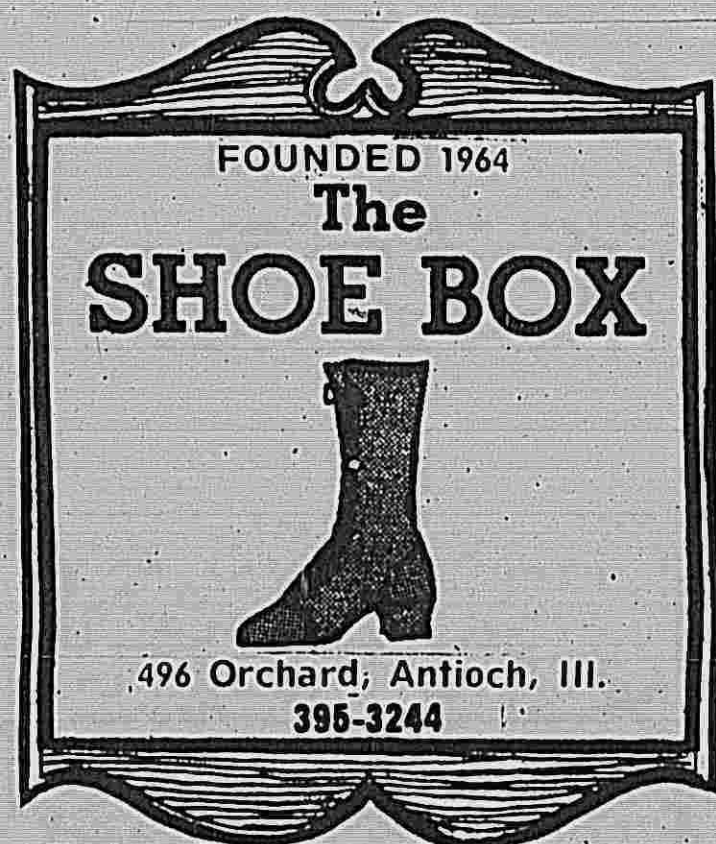

are hard to find in your area, substitute something native or readily available—cranberries, for example make a wonderfully festive decoration. To add a bit of sparkle to your baskets of holiday greens, add a few gold or silver balls."

Start your own family collection of ornaments. "We have collected so many things throughout the years," says Mr. Peabody. "Handmade straw and wood ornaments from Scandinavia, folded paper ornaments made by the children, toys and other figurines—all are precious to us and look marvelous when hung on a beautiful pine tree."

For holiday gift giving, Mr. Peabody suggests, of course, that you shop early if possible. For special friends, or those people on your list who seem to have everything, Mr. Peabody suggests filling a basket with a potpourri of holiday snacks. Paté, cheeses, fancy crackers and baked goods make a lovely and thoughtful gift when arranged in a basket and tied with a bright, cheerful bow.

Simplify your meals. Keep table settings simple, too. Grass, cloth or rush placemats are wonderful with a centerpiece of plenty. "I like to see a basket of walnuts, chestnuts and, for some holiday color, winter apples. When it's time for dessert, bring out some wonderful cheeses and have the guests really enjoy the centerpiece."

Most important of all, Mr. Peabody says, is to relax and enjoy yourself. People will be their own entertainment in a relaxed atmosphere, and the good times will flow naturally.

But Don was smiling a lot when he said it, so we don't think he's the least bit unhappy.

Don and Jean were married in Las Vegas Dec. 2 and Andy Lynch, Don's friend, went along to serve as best man. Jean's sister, Tina, was maid of honor.

## Home-made ice cream always welcome treat

The best Christmas presents are those the whole family can enjoy.

So be a hit with your family and put an ice cream maker under the tree, because everyone loves ice cream, even in December.

One 2-quart electric ice-cream maker is so good it makes two flavors at once. That way, there are no arguments when Dad wants chocolate and the kids are screaming for strawberry.

Fresh ingredients are put in the metal containers, which are then surrounded

by layers of regular ice and table salt. The unit is plugged in and, less than 25 minutes later, you're ready to serve creamy, smooth, delicious ice cream.

Called Lickety Split, the unit is made by Norelco. It also makes frozen yogurt, sherbet, ice milk and other frozen desserts—for dieters in the family.

When guests start dropping by during the holiday season, treat them to some homemade ice cream—Eggnog flavored, of course.

## Understanding Migraine

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By Don Mendrala

Migraine is not an illness in itself but the result of a familial condition. Even condition may be too strong a word, since what is inherited is a tendency to have migraine headaches!

Medical scientists do not yet know just how this tendency is passed from one generation to another, but if you are subject to migraine, probably one or both of your parents were too. In addition, for reasons not yet known, migraine occurs more frequently in women than in men.

Given the tendency, however, migraines do not just happen "out of the blue." Certain factors are personality, work, diet and hormone activity.

### CLASSIC MIGRAINE

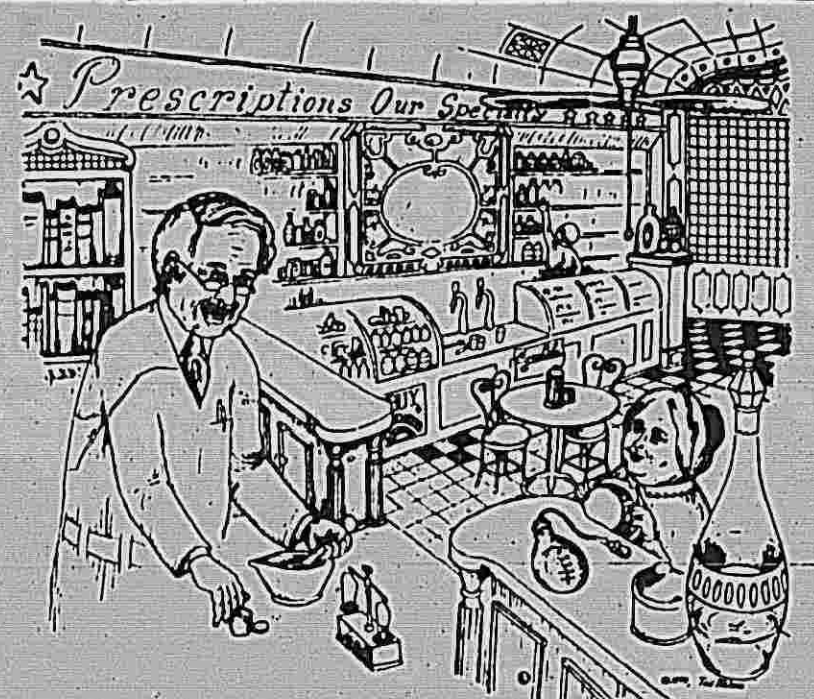

The actual headache will usually occur 10 to 30 minutes after an abnormal visual effect. It may begin with a throbbing pain on one side of the head, often in the area of the eye or temple. Usually the pain starts on the same side each time but it may change position as the headache progresses.

The throbbing may grow into a steady, increasingly intense ache. Usually it lasts from 4 to 6 hours, but there have been reports of migraine lasting up to 48 hours. The headache may be accompanied by stomach upset and double vision and as with other types of headaches, may be intensified by lights and loud noises.

Some of these symptoms can be alarming, especially if you are experiencing them for the first time. But remember in most instances they are temporary.

### COMMON MIGRAINE

As the name implies, common migraine affects more people than does classic. The preheadache signs are much less dramatic than those in classic migraine and are usually limited to irritability and stomach upset

Antioch Drugs  
395-4151

rather than starting light patterns.

Once the headache has started the pattern is similar to classic migraine, although the ache may affect both sides of the head instead of just one. Common migraine may also affect nasal passages so that the attack may resemble a sinus condition or allergy.

Some people may experience no more than 3 to 4 common migraines in a 10 year period; while others may have almost daily episodes. Also the headache may last for a short time or hang on for several days.

While there is still much to be learned about the underlying cause of migraine, the immediate mechanism of pain is well understood. It is a process called vasodilation. During a migraine many of the arteries of the head expand or dilate. The pain results from the walls of these arteries pushing against the surrounding tissues. In severe headaches these bulging arteries may be visible.

Different factors may set off this vasodilation process. Recent studies suggest that personality, stress, diet and hormonal changes can all play a role in migraine.

## Plan your days with 'Heart'

Calendars for 1979 designed exclusively for your Heart Association by well-known inspirational artist Flavia Weedn are currently available from the Heart Association of Lake County.

Depicting the joys of life through colorful sketches of children and nature, the Heart Association calendar also includes a short monthly message reminding you to care for your heart in the battle against heart attack and stroke, the nation's number one killers. The Heart Association of Lake County is dedicated to reducing pre-

mature death and disability caused by cardiovascular diseases.

Proceeds from the sale of the calendars will help fund Heart Association community, education and research programs, including CPR (cardiopulmonary resuscitation) training and high blood pressure testing.

A thoughtful gift to tuck into your Christmas packages, the Heart Association calendar is available at a cost of \$2 from Heart Association of Lake County, 229 S. Green Bay Road, Waukegan, Illinois 60085 or 244-1210.

## Old-style music fest

Christmas caroling is a fairly common practice, but how many of you have really ever had an old-fashioned Christmas music fest right at home?

It's a great way of gathering family and friends together to display their varied talents and join in for an evening of good music and good cheer.

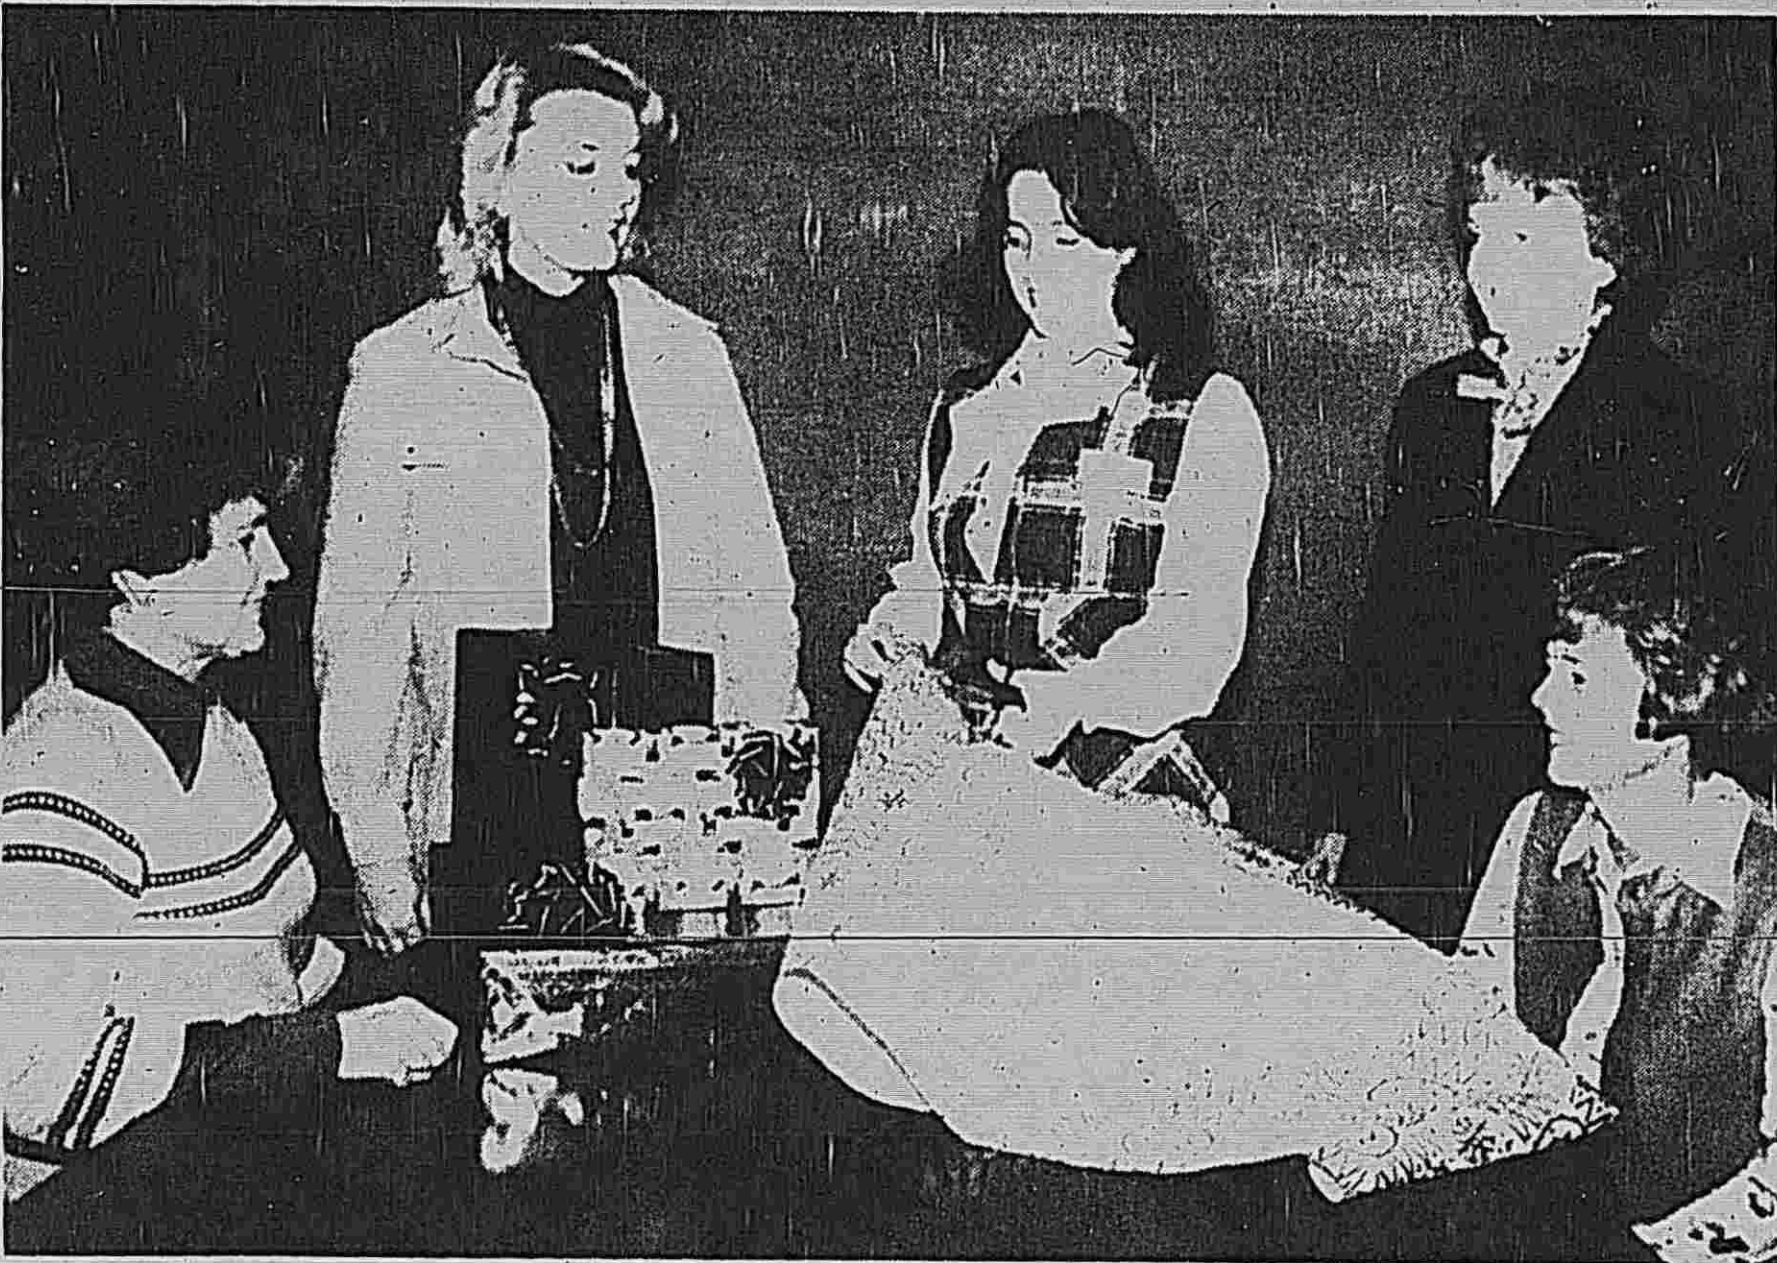

If you have a piano in your home, you're ready to make plans for this tuneful celebration.

Have the family pianist gather all of his or her Christmas sheet music together—some for special solos and as many songs as possible for a rousing sing-along finale.

Have one and all come with flutes, drums, tamborines, strings, horns, guitars and voices tuned for performance. (For the shy, why not suggest musicians double up for some delightful duet work?)

Hot-spiced cider or savory eggnog will quench performers' thirst, cookies and cakes will reward the brave, and everyone can expect to have a wonderful time.

FOR BUSY CHRISTMAS shoppers who don't have the time or know-how to wrap their gifts, volunteer members of the Lake County Unit of the American Cancer Society solve the problem. Beginning Saturday, volunteers will man a gift-wrapping booth in the Lord & Taylor courtyard of Hawthorn Center close to Santa's headquarters. Shown getting some gift-wrapping tips are American Cancer Society volunteers Kay Gould of Lincolnshire, Barbara

Reszus of Lake Forest, Janet Brook of Antioch (standing at right), who is chairperson of the project, Jane Marmaduke of Lake Forest and Judy LaGraues, gift-wrapping consultant of the Marshall Field & Company store. By using the gift-wrapping service, shoppers can pay a nominal charge, proceeds from the project going to the Cancer Society.

## CLC News

Snow can mean stalled cars, shoveling, and slippery streets; it can also be an opportunity to take a class in down hill skiing through the College of Lake County. Starting January 2nd and ending January 11th, the class (PED 121-011) will meet Tuesday, Wednesday and Thursday nights from 6:30 to 9:30

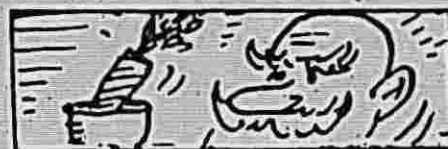

p.m. at Holiday Park in Ingleside.

The cost of the class for in-district students is \$52.00, which includes all necessary equipment and instruction. Participation in the class will earn students .5 credit hours in physical education.

Information about the class may be obtained by

calling CLC's division of biological and health sciences at 223-6601, Ext. 420. Registration information may be obtained by calling the admission office at 223-6601, ext. 300.

Registration may be completed in CLC's admission office through Thursday, December 14.

## Upper Grade students present seasonal concert

Everyone is invited to attend this year's Upper Grade School Christmas Band Concert Dec. 17 at 1:30. Let the Christmas music produced by Antioch's 11, 12 and 13 year olds be a part of your Christmas season.

Senior band will play such numbers as "Carols for Christmas" by John Cacauas, LeRoy Anderson's "Sleigh Ride" and "Hark, the Herald Angels Sing" by Felix Mendelssohn.

Of special interest will be a return presentation of the senior band's arrangement to "Little Red Riding Hood."

Junior band will perform such selections as Christmas Sketches, Christmas Medley, Christmas Chimes and "Spirisoul" by Joe Haboush.

The concert is free and everyone is welcome.

## Christmas program is Dec. 17 at Allendale School

As the holiest of holidays approaches, and with the anticipation of the arrival of the man in the bright red suit, the residents of Lake Villa's Allendale School for Boys are preparing their annual Christmas program.

This year's chapel service will be conducted by Rev. Wayne Nowak of Ivanhoe, who will be joined by the guitar chorus of his Congregational church.

The service in Farwell Chapel will begin at 2 p.m. on Sunday, Dec. 17 to be followed by an outdoor caroling and

tree lighting ceremony.

Then everyone will proceed to Myers gymnasium for the arrival of Santa, with his gifts for the boys at Allendale.

Homemade cookies, hot chocolate and coffee will be served.

Robert Holway, executive director of Allendale, has extended a welcome to friends and neighbors to visit with him on Sunday, Dec. 17, to help the Allendale residents celebrate Christmas.

## Woman's Club celebrates Christmas

The Antioch Woman's Club held its annual Christmas party at the First National Bank's community room.

Hostess Pat Lorenz and her committee served a variety of pot-luck dishes

which were brought by the members.

Those present received Christmas candles from the State Bank of Antioch. Santa (Frances LaPlant) passed out Christmas gifts.

During Christmas week

the Woman's Club will be wrapping gift packages at the Hawthorn Shopping Center. Proceeds will be donated to the American Cancer Society.

The club will meet again Monday, Jan. 15. A business meeting will be held prior to the regular meeting.

The program will be "Lee Toman, astrologer, lecturer and columnist."

## Have Santa for a visit

Residents of Oakwood Knolls can have Santa stop by for a visit on Saturday, Dec. 16.

Santa can visit your home by calling 395-6832 to make a reservation.

## Safety tips for fresh trees

A properly cared for, freshly cut evergreen can give several weeks of safe service as an indoor Christmas tree, according to John Sester, an Illinois Department of Conservation forester. In fact, live trees may be safer in the home than the popular artificial ones. The trick is in finding a fresh tree.

There is one test for determining freshness, according to Sester, but it can only be done after the tree has been purchased. Determining how well a tree will absorb water is an extremely accurate way of testing for freshness.

The tree should have one and one-half inches cut from its butt and then be allowed to set in water for a period of 12 hours at room temperature. A fresh tree will readily absorb water. Although the amount will vary depending on the tree's species and size, and room temperature and humidity, a healthy 6-7 foot tree should consume a pint or more of water during the test period.

In the event of a home fire during the yule season, a natural tree will be consumed by the fire without releasing noxious fumes. A plastic tree, however, can give off poisonous, sometimes fatal, chemical fumes as it burns, Sester said. And there is an obvious danger of electrical short, resulting in shock or fire involved with an aluminum tree.

Sester recommended using only nonflammable decorations on a tree that is brought into the house. Electrical decorations should be UL tested and be inspected by the owner before they are put on the tree.

The tree should be kept away from any heaters, fireplaces or radiators to prevent drying. The water level in the tree stand should be maintained well above the cut surface of the tree butt. If the water level is allowed to fall below the

butt, a seal will form which will prevent the tree from absorbing water when the stand is refilled.

A tree that is properly cared for can maintain its freshness (retaining more than 85 percent of its moisture content) for up to two months. The secret is in having a fresh tree to begin with.

## FFF plans Christmas party

The Fun, Food & Friendship Senior Center of Antioch will have their Christmas Party Dec. 16 at the Upper Grade School from 11 a.m. to 5 p.m.

The event will have catering service which will cost \$2.50 per plate.

A raffle will be held. If members wish to participate in the grab-bag, they

should bring a \$2 gift.

There will be entertainment and dancing.

Every Tuesday morning, in the meeting room of First Bank, the group has arts

and crafts, exercises and pinocle starting at 9:30 (sack lunch at noon.) On Thursday afternoon they meet at the Scout House from 9:30 to 3 p.m.

They also have movies, card games, bingo and

chess. The group is looking for new members and all seniors are welcome.

By Sonia

**ARIES** [March 21-April 19] - Both intellectual and philosophical matters hold your attentions this week; choose companions who share your interests. A good time to plan ahead.

**TAURUS** [April 20-May 20] - Joint financial transactions should be handled on a confidential basis. Progress is made now through partnership efforts. Give mate the go-ahead in business

**GEMINI** [May 21-June 21] - Although teamwork is important it may be difficult to agree on certain issues with associates. Show self-reliance where personal interests are involved.

**CANCER** [June 22-July 21] - See pending projects through to the finish, catch up on all neglected work. Associates complement your efforts now.

**LEO** [July 22-August 21] - Hobbies, romance and pleasurable interests all play an important factor in your week. Pace yourself so there's time to attend business matters that require your attention too.

**VIRGO** [August 22-September 22] - Settle a family situation, show consideration to kin then concentrate on personal aims. A fine time for long-range projects that require patience in stabilizing your affairs.

**LIBRA** [September 23-October 22] - Be prepared to make decisions, take steps in a new direction. Important news could alter present routine. Wait about making abrupt financial changes; judgment is off now.

**SCORPIO** [October 23-November 21] - Your personality and charm are essential in attaining objectives. Keep expenditures within a reasonable limit, however.

**SAGITTARIUS** [November 22-December 20] - Welcome new projects and changes in routine. You get a chance to show off leadership abilities. Display initiative when dealing with influential people.

**CAPRICORN** [December 21-January 20] - Be not discouraged by certain limitations; advancement comes at a slower pace now. By spending some time in seclusion you are better prepared to finish neglected work.

**AQUARIUS** [January 21-February 19] - Take direct action to improve business transactions, financial status. Social connections are a plus factor.

**PISCES** [February 20-March 20] - You reap the benefits of showing sincerity, devotion in work projects. Ambitions can be overwhelming, however. Pay attention to a good health program.

## SAFETY SENSE

### Don't Be Thrown By Snow

Don't let anyone give you a snow job—learning how to use your tractor snow thrower properly is important for a safe winter season. Here are some tips from the Outdoor

Power Equipment Institute on using your snow rider.

1. Resolve each year to reread the owner's manual. Though controls and maneuvers don't change, one of them might slip your mind.

2. You don't have eyes in the back of your head, so make sure to see that no one's behind you when you back up.

3. Be like the Lone Ranger—ride alone. Distractions can be dangerous.

4. Disengage power and be sure all parts have ample time to stop before dismounting for any reason.

5. Slow down—especially when you're on slopes and when turning—to prevent tipping or losing control.

6. Stray rocks may be hidden in the snow. So never discharge directly at bystanders—or let them stand in front of the machine.

Follow these tips and your safety will snowball.

In parts of Germany, it was once permitted to pay rent with lilies of the valley.

# Antioch carolers stroll malls at Hawthorn

Beginning Friday and continuing through Saturday, Dec. 23, a group of strolling carolers from the Antioch PM&L Theatre group will be performing at Hawthorn Center, the regional shopping center just south of Libertyville.

Dressed in authentic Victorian costumes the group will sing traditional carols and holiday songs as they stroll through the malls and courtyards of Hawthorn Center on both levels.

Shoppers can enjoy listening to the Hawthorn carolers from 6 to 9 p.m. on weekdays and from 1 to 4 p.m. on

Saturdays and Sundays.

The carolers include Betty Smouse, soprano from Antioch who is a pediatric nurse at Condell Hospital; Ken Smouse, tenor from Antioch who is a drama and speech teacher at Antioch High School; Mary Chris LaKome, soprano from Lake Zurich who was the featured vocalist in the movie "A Wedding" and is presently singing with the Wayne King orchestra; Bill Misik, bass who is a local music teacher at Stevenson High School, and Kathy Rosel, alto from Vernon Hills, who is also a teacher at Stevenson High School.

## Be prepared for unexpected guests with these handy tips

The festive spirit of holiday entertaining is especially enjoyable when shared with people you really care for. This holiday season, when guests arrive—whether invited or unexpected—be prepared.

To help you be the perfect host or hostess, the American Bottled Water Association offers the following entertaining tips:

Shop in advance for party foods, choosing easy and quick-to-prepare dishes. Some good choices include tasty fondues, cheese and crackers, fruit cakes and

cookies, and crisp crudites. You might also want to keep a good supply of cold-cuts or a casserole or two on hand in case unexpected guests arrive around mealtime.

An important rule for every successful party is to have plenty of beverages available, including some bottled domestic water to help wash down all those tasty hors d'oeuvres. Bottled domestic water has a clean, light and consistently good taste, so whether you drink it "straight" or use it as a mixer, it will complement rather than conflict with the natural flavors of foods you

serve. And, since it contains no sugar or calories, it's the perfect beverage for calorie-counting guests.

One dilemma every host and hostess should try to avoid is a shortage of seating space. If you generally entertain in one particular room and are expecting many guests, you may find it worthwhile to temporarily rearrange some household furnishings—move an extra sofa and some chairs into the room—for a few weeks. If this isn't possible, some plush pillows spread around on the floor will also help to make guests comfortable.

## Be alert for deer

Drivers should be alert for deer crossing the highways at this time of the year. According to the Lake County Forest Preserve District the heavier late afternoon traffic that occurs just after dark, is coinciding with deer movement.

Whitetail deer sometimes travel a mile or so from daytime resting areas to feed at night. Often the resting and feeding areas are separated by highways that are usually crossed just after dusk and just prior to dawn.

Driver's traveling to and from work through forested or farmland areas are warned to be particularly cautious. Occasionally deer may even be attracted to roadsides to lick the salt used for winter de-icing. Deer often stand motionless at the approach of headlights, waiting until the last moment to leap into a vehicle's path.

## Set a holiday table that's as festive as rest of home

Set a pretty Christmas table this year, by adding little ornaments judiciously to your spread, and by making your food so pretty and ornamental in itself that it will look almost too good to eat.

A sprinkling of little gold balls, red ribbons and red plaster "holly" berries adds a festive touch to bowls of potato chips and pretzels, no less to the large platters that are to hold a sumptuous roast

or succulent skewers of meat and vegetables.

A red or green tablecloth helps set the mood, as do red and green candles placed at different points.

Icing a loaf cake and neatly striping it with red and green sugar is a sure-fire success, as are a bowl full of brightly wrapped chocolate candies and a pretty glass filled with candy canes.

## All about town ...

By LINDA WALKER

Hi everyone!

I've been so busy lately I haven't had time to write my column the last few weeks, but as Chris Jackson says, I really shouldn't do that because people get in a routine, and it's a good policy to be consistent.

I agree with Chris, and maybe — just maybe I'll make that my New Year's resolution — but no promises.

There are two sad girls around town, Marcia Zelinski and Mary Schock of M & M Sandwich Shoppe & Deli.

Marcia and Mary were looking forward to opening their doors last Monday, but unfortunately their deli case was sitting on a truck that was stuck in a ditch.

We're happy to report the crisis has been remedied, and the two girls will put on happy faces next Monday, Dec. 18, when they open their doors to the hungry public.

If you get a chance, stop in and hear more unhappy stories with happy endings, and try one of their huge sandwiches. Both events will be filling.

A NEW STORE has recently opened — Custom Carpeting and Floor Covering are the new tenants at 909 Main Street (where The Young Image was several years ago).

John and Maureen Korpela, owners, are from Elgin where they ran a much smaller carpet business. Their upcoming move to Antioch encouraged them to relocate the store in town.

John has been in business seven years and is a graduate of Armstrong Installation School where he studied the trade.

We wish John and Maureen success and with such enthusiasm it will be hard to miss.

THE CAROUSEL has two packages setting in their window. A very large box is tagged "To The Boss - From the Carousel." An attractively decorated much smaller package setting next to it states, "To The Girls at The Carousel - From Ray Jansen."

If it's a gag, I wonder who has the big heart.

Hey Moms!

Want to give your children an early Christmas gift?

Then call Rod or Karen White at White's Ice Cream Parlor and make reservations for the kiddies to have breakfast with Santa.

It's a real personal treat with Santa chatting quite openly with each child.

While they're enjoying themselves, you can browse around upstairs at The Olde Attic.

Gail Fields and Cathy Haley have their craft and gift store decorated just beautifully for Christmas.

And we must mention how nice their new sign looks outside. It's larger and gives a much clearer description of their specialty — hand-crafted gifts.

THIS SATURDAY, Dec. 16, is the last week to have a picture of the kiddies taken with Santa, compliments of The State Bank of Antioch. The photos will be taken in the bank lobby, and it's a perfect way to say Merry Christmas to Grandma.

If you haven't picked out a Christmas tree yet, Lasco's & Sons Evergreens has their lot on Highway 83, next to Floral Acres, open again.

The Lasco family has a tree farm in the Waupaca area so they can offer good merchandise for a good price. This is Bob's third year selling trees in Antioch.

AS JUNE LUTZ of the Art of Hair states in her ad, "Only 12 more hairy days 'til Christmas." Better get going.

## Today's Brightener

A football coach accompanied a prospective tackle to the dean's office, where he attempted to get the boy admitted to school without a written examination. The boy, however, could not answer the simplest questions. In

desperation, the dean asked, "How much is seven and seven?" "Thirteen," the boy answered. "Aw, let him in anyway, dean," pleaded the coach, "he only missed it by two."

## Antioch frosh are showing improvement

Antioch's freshman basketball team is still winless after dropping its third game of the year.

Grayslake won 42-37 on Antioch's floor. The young Sequoits are now 0-2 in the conference.

Each game the frosh have shown improvement. The team shooting percentage is getting better and there have been fewer turnovers.

However, the team lacks consistency, usually suffering a poor quarter which eventually costs them a victory.

Against Grayslake, Steve Sheedlo and Gordy Nasenbeny each scored 10 points

and Mike Schueneman had six.

Dave Walsh was credited with five assists. But a poor second quarter allowed the Rams to win.

The frosh team faces a real challenge in the coming week as they play five games in seven days.

On Saturday, they journey to Round Lake and on Monday they host Wauconda.

Starting Dec. 20 they host an eight-team tournament with four games each night on Wednesday, Thursday and Friday. Games will start at 6 and 7:30 p.m.

## Mundelein schedules Christmas tourney

The first eight teams to enter will play in a men's holiday basketball tournament in Mundelein Dec. 26-30.

Tournament director Gerry Byrne of the Mundelein Park and Recreation District said the entry fee is \$30 a team and persons interested can call him at 566-0650.

Games will be played at 7 and 8:30 o'clock on four nights during Christmas week. After the finals and consolation games on Saturday, Dec. 30, trophies will be awarded to the top three teams.

The tournament is being sponsored by the park and recreation district and Sportset, a Mundelein sporting goods store. Games will be played at the Carl Sandburg community gymnasium.

Entries will close on Dec. 15, or as soon as eight teams have entered.

## Sertic chosen for Florida golf classic

Bob Sertic, Antioch High School golfer, has been chosen to participate in the National Junior Golf Classic at Walt Disney World's Golf Resort in Orlando, Fla., Dec. 14-17.

Bob was one of four chosen to represent Illinois by the Northern Illinois

Men's Amateur Golf Association.

He is the son of Mr. and Mrs. James Sertic of Lindenhurst.

## 'Most loyal fan' is contest winner

Loyalty paid off last Friday for village clerk Marilyn Sterbenz.

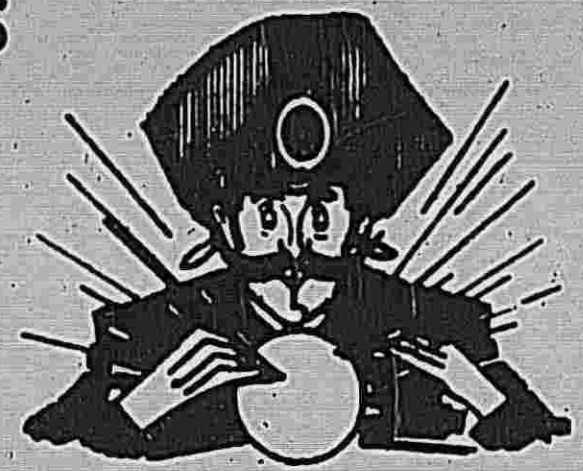

In the several years the Antioch News has been conducting football and basketball contests, Marilyn has refused to ever pick Antioch to lose — regardless whether the Sequoits were favorites or underdogs.

Last week she predicted Antioch would beat Grayslake in basketball by 21 points and that's exactly what happened.

So, we will be sending Marilyn first prize, a \$15 gift certificate from BJ's Sports Center.

SECOND PRIZE GOES to Sue Koppa, who picked Antioch to win by 20 points and will receive a \$10 gift certificate from Candlelight Galleries.

Third prize, a \$5 gift certificate from Las Vegas Restaurant, will be sent to Laura Stewart, who predicted a

23-point victory for the Sequoits.

Laura is simply getting too good to be true. In the two previous weeks she won the contest!

MAYBE THIS IS your turn to win. The "game-of-the-week" is Saturday night's big challenge here against North Chicago. But the "tie-breaker" is Friday's game at Round Lake, so be sure to have your entries in before 8 p.m. Friday.

A blank and rules appear on page 27. The prizes are listed there, too.

## Cagers from Emmons have good records

The Emmons eighth grade basketball team dropped a non-conference game with Westfield school of Winthrop Harbor, 43-38.

The Raiders trailed by only a point after the first quarter, 13-12. However, halfway through the second stanza, they had fallen behind 24-12. A spurt just before halftime narrowed the gap to 26-20.

The Emmons team closed to three points after three quarters but never drew closer. The game was lost at the free throw line where Westfield had a 13-0 advantage.

Leading Emmons was Todd Wilson with 12 while Chris Becker added 8 points.

The Raiders, now 8-2 overall and 6-0 in conference, travel to Millburn

Thursday at 6:30 p.m.

LAST WEDNESDAY the Emmons seventh graders defeated Westfield of Winthrop Harbor 35-20.

The Raiders opened a 16-5 first-quarter lead and were never challenged.

John Mahar led scoring with 13 points and controlled both the offensive and defensive boards with his rebounding.

Rod Steiskal added 8 points and Eddie Kuligowski chipped in 6.

The Emmons club is now 6-0 in conference and 8-0 overall.

# Sequoits face tough North Chicago team

Continued from page 1

narrowed the Sequoit lead to 11 points, 61-50 with 2:49 left in the game.

At this point Scott Gallagher hit two shots followed by two free throws by Chris Oddsen and then four points by Pete Ploss again opened up a 20 point lead and the subs finished the game.

Senior Pat Sikorski scored his first varsity points hitting two free throws.

NORTH CHICAGO SHOWED how good it can be last Saturday when it outshot Barrington 86-74. Barrington was a state-ranked team.

The primary mover in the North Chicago fast break is Earl Jernigan, the team's 6-3 junior center. Jernigan wore a path to the Barrington basket for 28 points, including 12 field goals.

"I think the key to getting our running game going was the way we controlled the boards," North Chicago's coach said. "It doesn't surprise me that Jernigan was the first man down the floor. He runs the 220 for us in track season."

Chester Williams, the Hawks' steady player this season, added 10 points against Barrington.

It was the second victory in a row for the Warhawks after a start in which they lost three straight on their home

floor. The victory over Barrington has to rank the Warhawks as the best 2-3 team in the state.

AGGRESSIVE PLAY as they go to the boards is helping Antioch High's varsity basketball team get on the winning track. Above, in white, Rob Nauman — quarterback of the football team during the fall — gets two points for the Sequoits. (Andy Dugenske photo.)

## Antioch sophs victorious

The Antioch sophomore basketball team defeated Grayslake 57-43 last Friday night to stay on top of the conference standings with a record of 2-0.

The hot-shooting Sequoits hit 9 of 13 shots in the second quarter to take a 31-18 lead at halftime. Antioch led by as much as 20 points in the third quarter,

only, to have Grayslake battle back to within 12 points with 5 minutes remaining in the game. But that's as close as the Rams could get. The Sequoits patiently penetrated the Grayslake defense for good inside shots in the final stretch to win.

Antioch connected on 51 % of their field goal

attempts while limiting Grayslake to just 31 %. Dee Maras led the Sequoits with 18 points and 13 rebounds, followed by John Ploss with 14 points and 9 rebounds. The balanced Antioch attack also got 8 points from Pete Weber and 6 points from Tim Koesser.

The Antioch team travels to Round Lake on Friday night, and on Saturday night the Sequoits play host

to the North Chicago Warhawks. Both games get underway at 6:30 p.m. The Antioch sophomores also begin play this weekend in the Zion-Benton Sophomore Invitational Tournament. First round action finds the Sequoits matched up with Waukegan West at 10 a.m. Saturday at the Zion Horizon campus. Tournament play continues Dec. 18 and 20.

JOHN DEERE

# Trailfire™

Fan-Cooled Trail Machine

SUPER DEALS

New snow-hugging profile... traditional John Deere dependability and handling

It's low and lean, with scooped cowl, flowing lines, and upswept seat. It's the new breed of Deere — the exciting 1979 Trailfire. Trailfire is like no other sled that's ever worn the leaping deer decal. A super-low center of gravity provides buckled-down stability on hills and switchbacks. A low-alloy-steel chassis supplies plenty of strength without all the weight. And a brand-new 340 or 440 cc engine sits closer to the tunnel for better

performance in powder snow. Though Trailfire looks like none of its predecessors, it retains the best of John Deere sleds of yesteryear. CD ignition, adjustable slide-rail suspension, Mikuni carburetion, and disc brake are still parts of the overall package. And there's a new deep-padded seat and adjustable handlebar for extra riding comfort. Come in today and test-ride this exciting new breed of Deere.

## Dates set for Ice Fishing Derby

By CHARLES RAYMAN

It's Ice Fishin' Derby Time Again!!

The Northern Illinois Conservation Club and the 885 Civic Club, sponsoring organizations for the annual Ice Fishing Derbies for the past 18 years held preliminary, formative meetings in Club headquarters is kicking off the 1979 Derby.

The twin dates of February 10 and 11 will observe the 19th anniversary of this popular event which in prior years has drawn almost 9,000 persons as participants and spectators.

A \$1,000 U.S. Savings Bond will head the impressive list of 17 major prizes followed by a host of other prizes which will be awarded to contestants on Derby Days.

As in previous years, the 1979 Derby will be held on the ice near the south end of Channel Lake both days from 9 a.m. until 4 p.m.

Skilled and lucky fishermen and fisherwomen have repeatedly proved that the Chain of Lakes is still an angler's mecca and 1979 is expected to demonstrate the fact once again, with the combination of right time and

right place working as always.

Big bass and Northern Pike are in the Chain as are bluegills, perch, bullheads, catfish, stripers, crappie and sunfish. All it takes is time.

As in years past, it is expected that the Lake Villa Sled Dog Club will participate and those in attendance will once again observe the operation of the colorful sport of sled dog racing.

Tickets required for winners are in the hands of all members of both clubs and are available throughout the lakes area.

No age restrictions are involved and specific Derby regulations will again be posted at the Derby headquarters on the ice both days.

## Sequoits down Grayslake wrestlers

Antioch opened the conference wrestling season with an outstanding 53-9 win over Grayslake on the host mats. The Sequoits opened the meet with a fall by Glen McCollum at 98 lb. then forfeited 105 to the Rams.

Antioch ran off three straight pins by Jon Gibson, 112, Tim Haviland, 119 and Jim Fasnatch 126.

Marvin Gibson, 132, won a superior decision 14-0 and Vic Mannina, 138, scored a 4-2 triumph before Chuck Bogaerts was edged 4-3 by Grayslake's Gary Dunkin.

Kirk Sarmont pinned at 155, Jeff Thiel won 4-1 at 167 and Mike O'Hara pinned at 185. Ted Besette received a forfeit at heavy-weight.

SATURDAY the Sequoits traveled to Buffalo Grove for a dual meet, tournament. This is an unusual tournament for wrestlers and the advancement is by team wins, not as an individual.

Antioch met the host

Bisons in the first round and won 25-17. In the semi-finals Antioch met defending state champion East Leyden.

Antioch took the lead in the match at 132 after Jim Fasnatch's pin at 126 and Marvin Gibson's default victory. East Leyden was not to be denied their 87th straight dual meet win as they won the next four weights before Mike O'Hara's pin at 185.

Antioch lost the meet 36-22 and went to the third place match against LaGrange. The Sequoits, destroyed them 33-18.

Antioch placed third in the meet, but gained tremendous experience for the future.

"We were awed by the East Leyden reputation, but we found out that they could wrestle with the best in the state," stated Coach DeRousse.

Friday the Sequoits host Round Lake at 6:30 on the home mats. Saturday the Wildcats visit the Antioch mats for a 1 p.m. meet.

THE HIGH SCHOOL WRESTLING season is in full swing and this kind of action is familiar in gymnasiums around the area. The Antioch Sequoits will return to their home mat Friday

night for a dual meet against Round Lake at 6:30. Another home match is on tap at 1 p.m. Saturday for Coach Ted DeRousse's wrestlers, against Libertyville's Wildcats.

## Freshman wrestlers defeat Grayslake

The Antioch freshmen wrestlers defeated the Grayslake Rams 53-12 in a dual meet last Friday.

Eddie Cole led off the attack with a 16-0 decision over his opponent at the 90 lb. weight class.

At 98 lbs. Bob Thain battled his opponent to an 11-7 decision. At 112 lb. Jon Wohlfeil was taken down but reversed his opponent and pinned him in 1 min. 26 sec.

Pete Kessler added to

the attack by pinning the next opponent in 1 min.

Greg Aschbacher drew a forfeit at 132 lbs. The 138 lb. Alex Apostol fought his way back from a 6-0 deficit in the second period to a 7-6 victory in one of the most exciting matches of the evening. At 145 lb. Cameron Adkins took his opponent down and pinned him in 1 min. 47 sec.

John Filkey, at 155 lbs. took his opponent down at which time his opponent

was injured and unable to finish the match. John won by default.

At 167 lbs. Butch Kirkgaard took his opponent down twice, near felled him once and finally pinned him in 1 min. 38 sec. An additional win was picked up by Rich Schlarbaum at heavyweight with a forfeit.

This makes the freshman season record 2-2 and in conference 1-0.

Their next meet is Friday against Round Lake.

## Collectibles: presents that increase in value

Many years ago, it was a Scandinavian Christmas custom to give cookies, cakes and candies as holiday gifts. These sweets were placed on handpainted wooden plates and presented to family, friends, and neighbors. People saved these beautiful plates, remembering that special Christmas throughout the year.

This old tradition of giving Christmas plates continues to be a unique way of expressing holiday feelings. Currently, there are more than three million people throughout the world who collect limited edition plates.

According to Paul A. Schmid, president of Schmid, creators and distributors of collectibles and fine giftware, located in Randolph, Mass., "Today's collectibles use century-old craftsmanship techniques and innovative modern methods to achieve finely detailed designs. Because collector's items are produced in limited quantities, they increase in value over the years."

The perfect way to start a collection for a child is with Schmid's cartoon character series, featuring the ever-

popular Walt Disney and Peanuts characters. Adults will appreciate the artwork of limited edition Christmas plates handcraved by Anri, finely glazed porcelain or expertly cast pewter. The famous original art of Sister Berta Hummel which remains in the Hummel family home in Massing, Bavaria, is reproduced in an exclusive limited edition Christmas plate series by Schmid.

Another old-fashioned Christmas gift that has gained modern popularity is the music box. Since the Swiss invented music boxes in the late 1700's, boxes, of all shapes and sizes have delighted families with their enchanting tunes, becoming keepsakes that are passed on from generation to generation.

Music boxes feature a wide range of Christmas tunes, popular melodies and classical music. Schmid, one of the oldest importers of music

boxes in this country, offers a unique collection of more than 300 different musical boxes and jewelry cases.

A wonderful Christmas surprise for both children and adults, music boxes range in

price and style from colorful ceramic figures perched atop revolving bases to individually handcarved and handpainted works of art.

A very personal way to express holiday sentiments, collectibles are lasting mementos that increase in value over the years.

**CHILDREN ARE DELIGHTED** with this colorful Peter Rabbit music box that plays "It's a Small World." Begin the tradition of collecting in your family with a music box or musical doll on Christmas morning. Unique musical gifts by Schmid, creators and importers of collectibles and fine giftware, located in Randolph, Mass., are treasured and passed on from generation to generation.

## Services for Ruthenian Catholics

A mission church to serve Byzantine Ruthenian Catholics is forming in Lake County.

The aim of the church is to serve Byzantine Ruthenian Catholics in Lake and McHenry Counties and Southeast Wisconsin.

The religious beliefs of the Byzantine Catholics are the same of those who follow the Roman rite, which is the largest branch of the Catholic church.

The second largest branch of the Catholic church is the Byzantine Rite which follows the liturgical and sacramental ritual of the church of Constantinople, together with the various customs, disciplines and laws of the church of Constantinople.

The Byzantine church is further subdivided into various disciplines based along ethnic lines. The Ruthenian rites follows many customs of the Slavic people. It is also called the Greek Catholic Church.

The Ruthenian Church in the United States is that of the Slavic Byzantine Rite which served the people who came from the Hungarian part of the Austro-Hungarian Empire. They are people from present day Czechoslovakia, Hungary, Yugoslavia and related areas.

Father Kub, from St. Peter's, serves as a Byzantine-Slavic priest and has been requested by Bishop Emil J. Mihalik of the Parma Diocese to organize a mission for Byzantine Ruthenian Catholics.

Although ordained in the Latin or Roman rite, Father Kub, through a special privilege obtained for him from the Sacred Congregation of Cardinals in Rome, by John Cardinal Cody, serves in the dual role.

Byzantine Masses are held in the Convent of St. Peter's parish on Sundays at 9 a.m.

Further information can be obtained by calling Fr. Kub at St. Peter's.

Tea has twice as many calories as coffee—two as compared to one.

## Tree is focus of holiday fun!

Christmas trees are flocking the nurseries, charity parks, empty lots. Anywhere that a pile of Christmas trees can fit, they will be. The big question—what kind of tree should you pick?

There is a variety of

Christmas trees offered every year. The most popular is Balsam Fir followed by Scotch Pine with long needles; Douglas Fir, which is valued for its hard wood; and Blue Spruce, usually sold with the roots balled so it can

be planted outside after Christmas.

After you decide upon which Christmas tree to buy, the fun begins.

Make your tree the family event of Christmas this year, with this enjoyable project.

Handel composed "The Messiah" in 25 days.
